Thank you for applying for the Eagle Foundation grant cycle. Eagle Foundation's mission is to promote, maintain, and improve the quality of education in the public school of Sidney, Montana, in ways that would not happen with traditional funding alone.

Our organization understands that teachers in the classrooms and Coaches on the field know what is needed to help students thrive on being the best. Our grant program's goal is to help offset the costs often associated with educating in and out of the classroom. That being said, we cannot always give the entire grant asks to all of the worthy applicants.

We always have to look at large-scale impacts, what projects will be onetime asks vs. those that will need recurring funding. We are bound by some District administration rules, including no permanent facility changes without pre-approval.

We are also bound by MHSA rules for grants to all activities. The Teacher Matching fund, Football Tailgates, and one or two other events fund all grants. Eagle Foundation's events to raise funds included a Beef Steak dinner, auction, and Turkey BINGO. If you have any questions about the grants or the application process, please email us at eaglefoundation@sidneyps.com.

We look forward to hearing from you and of course, GO EAGLES!

Sincerely,

Eagle Foundation Board of Directors
